

Environmental Policy Statement

The AA Group Ltd specialises in the fabrication and erection of structural steel. The company recognises that concern for the environment should be an integral part of its business operations. As a result it is the Company's aim to achieve environmental best practice through an environmental management system.

The Company will:

- Comply with all relevant legislation and codes of practise and where feasible and cost effective, adopt best practice techniques in minimising the environmental impacts of our activities.
- Reduce waste through re-use and recycling and by purchasing recycled, recyclable or re-furnished products and materials where these alternatives are available, economical and suitable.
- Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials, fuel and other resources, particularly those that are non-renewable.
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect human health and the environment when such materials must be used, stored and disposed of.
- Provide appropriate resources, information and the necessary training for staff, to ensure that they are able to fulfil the commitment given in this policy.
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it.
- Strive to continually improve our environmental performance and minimise the social impact and damage of activities by periodically reviewing our environmental policy in light of our current and planned future activities.

All significant environmental impacts of the Company's operations will "be assessed and objectives and targets shall be set and reviewed annually to promote the continual improvement of our environmental performance.

Kevin O'Keeffe

Managing Director, TAAG Ltd
